STUDENT WELFARE AND DISCIPLINE POLICY

SCHOOL PURPOSE
The Mount Colah Public School motto “Learn to Live” encompasses our values. The school promotes the values of RESPECT, RESPONSIBILITY and PERSONAL BEST within the school and across the wider community. A strong, responsive student welfare program is in place and clear discipline policies ensure a safe, nurturing learning environment for all. The Student Welfare Policy incorporates the Behavioural Expectations, Student Reward System, Discipline procedures as well as the DET Suspension and Expulsion Procedures.

Positive Behaviour Engaging Learners (PBEL) is seen as a fundamental process in the promotion of positive behaviours, teaching of appropriate social skills, and management of problem behaviours.

RATIONALE
Student and Staff ‘Wellbeing’ is the responsibility of all. Mount Colah Public School encourages a pro-active approach to discipline. Positive reinforcement and explicit teaching of expected behaviours is promoted in a consistent and effective manner. Effective teaching and learning is best achieved in a safe, secure, well managed and positive environment in which staff, students, parents and the wider community work together to improve outcomes for all.

RIGHTS FOR STUDENTS AND TEACHERS
Every student has the right to a learning environment free from bullying and intimidation and to feel safe and happy at school. They have a right to be treated fairly and with dignity. The same rights apply to teachers as the school is their workplace.

Mount Colah Public School aims to develop in students an acceptance of responsibility for their own behaviours.

**In order to develop this responsibility:**

- The school community will place appropriate and consistent limits on students’ chosen behaviours.
- Through PBEL, students will be taught the skills to enable them to actively participate in the development, implementation and review of their school’s behaviour codes, and will be involved in decision-making processes within the school.
- Students will be taught that behaviour is an action made by an individual within a social context.
- The school behaviour code will reflect processes for restorative and reconciliatory actions.
- Students’ responsibility for their own behaviour will be reinforced consistently in a positive manner which enhances their understanding of responsible social behaviour.
- Social Skills will be explicitly taught across all curriculum areas and be modelled in all aspects of the school environment through PBEL.
- Staff will model and teach values of **Respect, Responsibility and Personal Best**, and reward students appropriately.
- Where necessary, students will have access to services and agencies which can support them in developing strategies to enable them to take responsibility for their own behaviour.

STRATEGIES FOR PROMOTING POSITIVE BEHAVIOUR

CLASSROOM MANAGEMENT STRATEGIES

Early in the year AND/OR at the beginning of each term, all teachers should clarify the ‘behavioural expectations’; RESPECT, RESPONSIBILITY and PERSONAL BEST. The visual posters of these in each classroom will help to reinforce these expected behaviours, and give students information about what it ‘looks’ like to behave in these ways. When correcting, or pre-correcting problem behaviours, staff should refer to these ‘behavioural expectations’. For example, a student calling out repeatedly in class, and interrupting the lesson may be asked about whether his behaviour shows Respect for teacher or classmates. A visual reminder of what RESPECT looks like in the classroom will help to modify problem behaviours.

Reinforcing good behaviour of students will increase the tone of the classroom. Behavioural research shows that you will see more of the behaviours you reinforce.

Classroom Teacher

The classroom teacher shares the primary, fundamental responsibility for the development and management of all students in their care.

Effective class teachers generally:

• Provide appropriate curriculum to meet the needs of each student.
• Utilise effective student management strategies such as:
  - Giving simple instructions
  - Expecting students to comply and follow instructions
  - Regularly noticing and commending students for complying with expectations
  - Avoiding the use of ridicule, embarrassment or “put-downs”
  - Involving all members of the class by directing questions to the full range of students
  - Encouraging on-task learning behaviour by moving about the room and supervising work
  - Refocussing and redirecting attention when students become restless or inattentive
  - Having a plan for managing behaviour disruptions
  - Following up any behaviour disruptions

Staff Expectations

• Model consistent, caring and controlled behaviour
• Lead by example in appropriate dress and speech
• Actively supervise while on playground duty or at sport
• Keep their Supervisors informed of identified problems as they develop

BEHAVIOURAL SYSTEM

Positive Behaviour

Teachers are encouraged to support positive behaviour through the use of Mini Merits cards for Respect, Responsibility and Personal Best. Mini Merits are handed out to students when they display the core expectations of the school. There is no limit to the number of Mini Merits that a student can receive in a week.

Once a student collects 20 Mini Merits they exchange them for a Merit Card which is presented at Assembly and published in the School Newsletter.
When a student collects 5 Merit Cards they can exchange then for a Principal's Award, which is presented at the Assembly and published in the School Newsletter.

Once a student collects 3 Principal’s Awards they can exchange them for a Medallion which is presented to the student at an assembly. A child can receive multiple medallions in their school life.
Some strategies for repairing, rebuilding and improving behaviour include:

- Reward positive behaviours when you see them, and do it often.
- Model preferred behaviour.
- Practice the preferred behaviour with students.
- Provide visual cues for desired behaviours.
- Set achievable goals for students to promote personal best.
- Apply consistent and fair consequences for negative behaviour.

Use a variety of strategies to maintain ‘on-task’ behaviour.

Should the above strategies fail to improve behaviour then the following process will be implemented:

- Teacher starts a reflection sheet (this is to stay with the student as they travel from lesson to lesson). The first warning box is ticked. Each reflection sheet remains in force for one day.
- Should the behaviour fail to improve then the second warning box is ticked.
- Should the behaviour fail to improve then the third warning box is ticked. Children in Years 3-6 complete the reflection sheet. The teacher of students in K-2 will complete the back of the reflection sheet and discuss the behaviour with the student.
- The classroom teacher records the information in Sentral Welfare and the student is informed that the behaviour has been recorded.
- After the information has been recorded the Reflection sheet is sent to the Principal.
- Should a student complete two reflection sheets within a two week period then they will be placed on Level One by the Principal or Assistant Principal Behaviour.

Major Classroom or Playground Disruptions

All major behaviour disruptions or violent incidents should be reported to the Principal and the Assistant Principal in charge of the stage. At Mount Colah Public School we have five behaviour management levels for students displaying unacceptable behaviour. Students are placed on levels by the Principal in consultation with the Assistant Principal of the stage. Students may be placed on any level, depending on the severity or the disruption. The following is a guide to the level system and how it operates at the school.

SUSPENSION AND EXPULSION

"All students and teachers have the right to be treated fairly and with dignity, in an environment free from disruption, intimidation, harassment and discrimination. To achieve this, all schools will maintain high standards of student behaviour. There will be cases of unacceptable behaviour where it will be in the best interests of the school community, and/or the student involved, for the student to be removed from the school for a period of time or completely. Suspension and expulsion are the options available to the Principal in these situations. The principal must also ensure that the implementation of these procedures takes into account factors such as the age individual needs, any disability and developmental level of students."

Suspension and Expulsion of School Students Procedures- Section 4 Context, NSW DET (2014).

Suspension is not intended as a punishment. It is only one strategy for managing inappropriate behaviour within the school’s student welfare and discipline policies. It is most effective when it highlights the parents’ responsibility for taking an active role in partnership with the school to modify the inappropriate behaviour of their child. Suspension allows time for school personnel to plan appropriate support for the student to assist with successful re-entry.

For serious and/or repeated breaches of the School Code and /or School Discipline Policy, the Principal may impose a short suspension or a long suspension according to the following guidelines:

SHORT SUSPENSION (up to and including 4 school days) may be imposed for:

PERSISTENT DISOBEDIENCE
This includes continued breaches of the School Discipline Code such as:
• Repeated refusal to obey staff instructions
• Acts of defiance by students;
• Persistent disruption to the learning of other students;
• Minor criminal behaviour related to the school including graffiti and minor vandalism;
• Use of alcohol or repeated use of tobacco by students.

AGRESSIVE BEHAVIOUR
This includes but is not limited to:
• hostile behaviour directed towards students, members of staff or other persons including verbal abuse and abuse transmitted electronically such as by email or SMS text messages.

LONG SUSPENSION (more than four days / up to and including 20 school days) will be imposed for:
1. Physical Violence: Which results in pain or injury, or which seriously interferes with the safety and well being of other students and staff.
2. Use or possession of a prohibited weapon, firearm or knife: When the student uses or possesses a weapon, which is listed in Schedule One of the Weapons Prohibition Act ,the student uses or possesses a knife (without reasonable cause); the student uses or possesses a firearm or replica of a firearm of any type.
3. Possession or use of a suspected illegal substance: Not including alcohol or tobacco, but including supplying other students with illegal drugs or restricted substances such as prescription drugs.
   The Principal may also impose a long suspension for a period greater than four days and up to and including twenty days for:
4. Persistent misbehaviour: Including repeated refusal to follow the School Discipline Code; making serious threats against students or staff; behaviour that deliberately and persistently interferes with the rights of other students to learn or teachers to teach.
5. **Use of an implement as a weapon or threatening to use a weapon:** When any item is used as a weapon (other than in point 3 above), in a way which seriously interferes with the safety and well-being of another person. This includes an offensive implement which is anything made, or adapted for use to cause injury to a person.

6. **Serious criminal behaviour related to the school:** Including malicious damage to property (school or community), or against the property or person of a fellow student or staff member on, or outside of the school premises. If the incident occurred outside the school or outside school hours, there must be a clear and close relationship between the incident and the school.

**EXPULSION**

In serious circumstances of misbehaviour, the Principal may expel a student of any age from the school.

Prior to expulsion the student will be placed on a **long suspension**. If a resolution for expulsion is not achieved within twenty school days, a further long suspension may be imposed.

If a resolution for expulsion has not been achieved after two long suspensions and the **student’s behaviour is deemed beyond resolution**, the Principal and director of schools will apply to the Director-General of Schools to have the student expelled from all government schools.

**POINTS TO NOTE ABOUT SUSPENSION:**

- **ALL** students suspended from school will be given a copy of the school’s Student Welfare Policy, plus an appeals form and a copy of the official Departmental document, “Procedures for the Suspension and Expulsion of School Students”.

As well;

- Students who are placed on **short** suspension will be given a package of schoolwork to complete at home over the suspension period. This will be given to the student at the time of suspension. The issued work is to be completed and returned to the Principal upon resolution of the suspension.

- Students being placed on **long** suspension will be offered schoolwork to complete at home. Additional work will be provided upon request to the classroom teacher after the initial work has been returned to the school. It is the responsibility of the parent/carer to arrange for work to be collected and returned to the school during the time of the suspension.
